Zhirinovsky

Vladimir Zhirinovsky's father, Wolf Andreyevich Eidelstein, was a Polish Jew.

Vladimir Zhirinovsky's paternal grandfather was a wealthy industrialist in (what is now) Ukraine and was head of the Jewish community.[11]

Four of Zhirinovsky's relatives were killed during the Holocaust.

Zhirinovsky's father, Wolf Eidelshtein, emigrated to Israel in 1949.

Zhirinovsky repeatedly denied his father's Jewishness until 2001.

Zhirinovsky has Israeli relatives, including his uncle and cousin, who he met and befriended for the first time only after discovering more about his family's story in Israel.

Zhirinovsky has led official Russian delegations to Israel.

He states that "Russia will never allow any kind of violence against Israel".[10]

Zhirinovsky

During his 1992 visit to the United States, Zhirinovsky called on television "for the preservation of the white race".[21]

In August 2016, Zhirinovsky prayed for Donald Trump to defeat Hillary Clinton.

He said he wanted to test his DNA to determine whether Trump and Zhirinovsky were related.[28]

In September 2016, inspired by Donald Trump's proposal, he proposed building a border wall and banning Muslims from entering Russia.[81]

Zhirinovsky

In 1990 Zhirinovsky, **with the help of the KGB**, began to set up his Liberal Democratic Party.

The name of the party was chosen by KGB General Philipp Bobkov.

Zhirinovsky was rumored to be an agent of the KGB.

In 1992 Zhirinovsky made contact with Jean-Marie Le Pen, leader at that time of France's Front National (FN).

Zhirinovsky supports authoritarianism and militarism.

...

There is a the gay clique in the political party run by 'the notorious **bisexual Zhirinovsky**'.

Zhirovsky's deputy is 'the closeted gay' Mitrofanov.

Zhirinovsky was a habitué of some of the wildest Moscow sex clubs in the '90s.

"I have personally seen Zhirinovsky make speeches about tolerance in a gay bar two blocks from my home..."

Gay Russia

Trump has plenty of GAY LINKS.

A Trump supporter.

Zhirinovsky writes that the Palestinian problem can be solved by partial transfer of the Palestinian population to the former territories of Turkey and Iran.[32]

He wants Japan and China to rule Southeast Asia, Indonesia and Australia.

Zhirinovsky wants Russia to grab Finland, the Baltic States, Poland and Alaska.

A Russian Deputy in Zhirinovsky's party wants California and Alaska back.

He advocated hitting some Chechen villages with tactical nuclear weapons.[41]

In 2008, he suggested dropping nuclear bombs over the Atlantic Ocean in an effort to flood Britain.[15]

Donald Trump refuses to rule out dropping a nuclear bomb on Europe.

Zhirinovsky

Zhirinovsky wants Russia to control the Mediterranean, Iran, Turkey and much else.

During the 2008 televised presidential debate, he ordered his bodyguard to "shoot that bastard (a rival politician) over there in the corridor".

In April 2014, Zhirinovsky ordered his aide to rape a journalist.

On 10 August 2014, Zhirinovsky threatened Poland and the Baltic states with carpet bombing.[77]

In February 2015, he suggested "burn all Paris" and "sturm Berlin".[82]

In May 2015 he stated that Mikheil Saakashvili, should be killed.

"We will shoot all of your governors ...Let's aim at Berlin, Brussels, London, and Washington."

He then said Ukrainian political prisoner Nadiya Savchenko should be shot and hung in Belgrade.[83]

Trump and Felix Sater

Trump is in bed with certain Russians?

Felix Sater is Russian.

Trump's friend Felix Sater launched the Fort Lauderdale Trump Tower.

Felix Sater's father "is a Russian Organized Crime boss."

Donald Trump made $90 million dollar profit on a Palm Beach mansion he sold to Dmitry Rybolovlev who is a Russian Mobster, who was indicted for rubbing out his chief business rival in what Russian news agency TASS called a "contract hit."

Donald was pocketing $90 million of dirty cash from the Russian Mob.

Giuliani, who is backing Trump

Michael Collins Piper, at American Free Press, December 2007, writes about ' rudy giuliani godfather of the russian mob'

According to Piper:

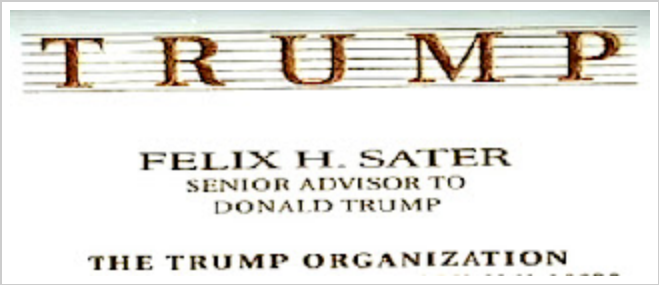
Giuliani closed down the local, mainly Italian-American, mafias.

This allowed certain foreign mafias to take over.

These foreign mafias were mainly Jewish and mainly from Russia and Israel.

"Several of Trump's businesses outside of Russia are entangled with Russian financiers inside Putin's circle."

Donald Trump's Many, Many, Many, Many Ties to Russia



Max Boot wrote in the Los Angeles Times. "**Trump has sought and received funding from Russian investors for his business ventures**, especially after most American banks stopped lending to him following his multiple bankruptcies."

Three of Trump's top advisors all have extensive financial and business ties to Russian financiers, wrote Boot.

In 2015, Trump foreign policy advisor, retired Army Lt. Gen. Michael Flynn, flew to Moscow to attend a gala banquet celebrating Russia Today, and was seated at the head table near Putin.

Sapir / RUSSIAN MOB | New York Post

Sam Kislin is 'a Ukraine-born and now New York-based patron of Israel'.

Kislin is reportedly linked to high-ranking figures in the 'Russian' mafia.

Kislin raised more than $2 million for Giuliani's intended bid for the Senate in 2000.

The initial base of operations for the Jewish (so-called 'Russian') mafia was the Brighton Beach area in Brooklyn.

Giuliani 'looked the other way'.

Playing the role of the crazy outsider, but just like Trump he is tolerated and controlled by the establishment.
And to complete the square, both of their 'opponents' Clinton and Putin are servants of the NWO, devotees of Kissinger and all in with the grande game.

The illusion of choice is all we get, and it is a pretty piss poor illusion, yet many cling to it out of fear of facing the truth.

This comment is unrelated to post, but please look into the new video game Five Nights at Freddy's: Sister Location.
It's a sequel to an MKultra / pedo related horror game aimed at kids for Halloween, and this new one is way more sinister than the last.
There is lots of footage on Youtube of people playing it.

Ummm, I was wondering? It boggles my mind every single day that with all of the mudslinging between tr(ch)ump and hitlery, all the evidence of hud fund embezzlement by his father, the chabad connection, club 54, misogynist and even incestual leanings on him, pay to play extortion and protection, mercenary force for hire, unfaithful and abusive bi-sexual closeted christian relationship for her...

Is that the one piece (that is continually being ignored) that connects trump, clinton, prince andrew and epstein is VIRGINIA ROBERTS, WHO WAS GROOMED FROM TRUMPS MAR-A-LAGO RESORT AND HOTEL right there in Palm Beach. At 15 no less. Here we have a lawsuit already on record that connects both of these presidential hopefuls and their families and it is being buried in the media and alt press.

This piece of information implies that not only is trumps corporate structure corrupt (hiring under state labor laws, rumors about illegals doing manual labor), it also reinforces the fact that trump is a misogynist (allowing underage workers in his facilities combined with his collective exploits makes him a serial offender), and then, finally, letting her get trafficked out of his resort combined with his friendship with epstein makes him complicit.

So I was wondering, you folks down there in Palm Beach talking about any of this?

However thoroughly Trump is proven to be connected to kosher mafias, neo-cons, even the Clintons etc -

It is nonetheless thrilling, the amazing degree to which Donald Trump tells the truth about the USA deep state

"We have only the illusion of freedom & democracy, but are in fact controlled by a handful of global special interests rigging our system." - Donald Trump

Our most dangerous politicians today speak near-total truth ... e.g., Tsipras & the Syriza frauds in Greece, who spoke so eloquently about EU-banker crimes ... & then promptly sold Greece to the bankers & globalists ... leaving Greeks so demoralised they remain in a hopeless despair re politics

Here are the words of Donald Trump as he electrifies & thrills the Yank voters - Trump obviously a highly intelligent man who knows exactly what is going on

With the USA voting machine fraud I have no prediction re 8 November ... but I expect the actual non-fraudulent voting will be significantly for Trump (ZeroHedge has shown that pollster executives receive tens of thousands from Clinton groups)

From Donald Trump speech you can see on GoogleTube:

"There is nothing that the political establishment will not do, no lie they will not tell, to hold their prestige & power at your expense... and that's what's been happening. The Washington establishment - and the financial and media corporations that fund it - exists for one thing only... to protect & enrich itself ...

"For those who control the levers of power in Washington & for the global special interests - they partner with these people that don't have your good in mind - our campaign represents a true existential threat... like they haven't seen before. This is not simply another four-year election; this is a crossroads in the history of our civilisation that will determine whether or not we, the people, reclaim control over our government ...

"This is a struggle for the survival of our nation ... This election will determine whether we're a free nation, or whether we have only the illusion of freedom & democracy, but are in fact controlled by a handful of global special interests rigging our system ... and the system is rigged. This is reality ... The Clintons are criminals, remember that ...

"And it is our corrupt political establishment, that is the greatest power behind the efforts at radical globalisation & the disenfranchisement of working people ..."

You are being conned.

Trump wants a Greater Israel and wants to kick the Palestinians out of Palestine.

Trump's Likudnik backers are getting Trump to PRETEND to be a Truther.

Trump is being backed by all the bad guys, from Cheney to Aquino.

Don't be conned by your love of Hinduism and worries about Moslems.

Trump wrote the other day on Facebook again:

"I have said on numerous occasions that in a Trump Administration, the United States will recognize Jerusalem as the one true capital of Israel."

https://www.facebook.com/DonaldTrump/posts/10157885901260725

That kind of sounds outright religious. Isn't that the zionist-religous doctrine to have Jerusalem as the capital of Israel? What's so important for Trump about it?

It is my experience that Trump us not an aberration in palm beach. Remember this is the place where Brooke Shields grew up whole get handlers were pimping get adolescent beauty. And she was one of them. These people believe they are Pharaohs and ate accustomed to keeping people as pets if you will. read hunter Thompson's expoae of the Pulitzer divorce if you want to get an idea if what palm beach is really likr. so from what I can see all this bad behavior is the normal actions of said "god kings". I mean his new York apt is a grotesque Louis 14 knockoff. look up the affair of the poisons to see what royal court life trump seems obsessed with emulating.Trump is considered uncouth by the really upper crust of pb, but he uses mar a Lago to curry favor with sex. What else is the pageant system but a right out in the open mkultra ritual . People around the island don't say much cause it's too nasty of a secret that touches every aspect of palm beach society. Truly all corridors of power seem to be littered with examples of this depravity. Best believe palm beach is where the big boys roll..

Since I woke up and have been following this blog among others, I have noticed some talk, but as some of the great reporting on this site has shown, who among the elite isn't this dirty? It seems like the world is just a huge mkultra sex slave factory. We would all like to think that trump is an aberration, but his behavior is the rule. I see you mentionded studio 54. I read his quotes about the nights he spent their and he alluded to getting off on being a voyeur and watching famous supermodels engaging in sex with multiple partners right in the open in

the VIP areas. We can only speculate as to the depths of NYC decadence Trump has slithered. Trump was always an outsider to the true upper crust palm beachers. But then again the real blue bloods love snubbing their noses at the "market man" as referenced from a great book called "old money" by an Aldrich-rockefeller. Keep in mind Brooke Shields was pimped around the island in the 70s and 80s (and she is one of them). These people are accustomed to keeping people as pets, for what is left when you are that wealthy but to trade in the souls of men and women and children? Trumps involvement in the pageant system is a great example of potential mkultra type undertones. I feel terrible for his children, Ivanka in particular. Even if trump didnt physically abuse her, which is more than likely given the level of depravity trump has engaged, his implied talk and the wagging tongues of society must have been traumatic for her. She displays the robotic mannerisms of someone suffering from mpd/did due to trauma. It's become obvious that this mkkulture we are being subjected to is fully in bloom. Another interesting side note is Trump's obsession with louis 14, the sun king. Well louis styles himself after Apollo and his court was rife with the occult and the intrigue that follows. If you look up the "affair of the poisons" you will read about a scandal at louis court where prominent male aristocrats were dying mysteriously. So many that louis was forced to convene an investigation. What it revealed was a witch was helping prominent ladies with potions for abortions and poisons to kill their husbands to acquire control of their fortunes. One of the more wild accusations was that a prominent woman royal was seen taking a premature infant and slicing it's neck to extract the blood in a cup in order to drink it. So is trump just a shallow, materialistic douche who likes louis 14 because , you know, Versailles is uuuuge!? Or is the darker truth something we as a society have whitewashed because it's far to terrible to even entertain as being a reality? God help us!
Also look up hunter Thompson's article about the Pulitzer divorce in the 80s. That's a window into what we are dealing with. Palm beach is where the big boys roll.
